Education

Universidad Politécnica de Madrid (ETSII-UPM) — Madrid, Spain
B.Sc. in Industrial Engineering, Intelligent Systems & Structures — *Sep 2023 – Jun 2028 (expected)*

- Matrícula de Honor (highest distinction, 10/10) in Statistics and in Design of Experiments & Regression.
- **Coursework:** Programming, Statistics, Regression & Experimental Design, Linear Algebra, Differential Equations, Control Engineering, System Dynamics, Production Systems.
- University entrance exam (EvAU): 12.97/14.

HarvardX | *CS50's Introduction to AI with Python; CS50's Introduction to Programming with Python* — Oct 2026

Colegio Retamar | *High School Diploma (Science & Technology), GPA 9.41/10, top 1% of class* — May 2023

Projects

job-hunt-copilot | *Python, REST APIs, pytest, CI, Git* — Personal project, 2026

- Built a command-line tool that pulls internship postings from the Greenhouse, Lever and Ashby public APIs (6,400+ postings across 29 company boards) and ranks them with a configurable 7-factor scoring model.
- Generates tailored CVs and cover letters from a single profile file and tracks every application end to end.
- Covered by 116 automated tests running in CI; developed with an AI-assisted workflow (Claude Code).

CS50 AI Projects | *Python, TensorFlow/Keras, OpenCV, scikit-learn, NLTK, Transformers* — Oct 2026

- Trained a CNN to classify GTSRB traffic signs; built a Q-learning Nim agent and a k-NN purchase classifier.
- Implemented Bayesian networks, minimax and BFS search agents, and analysed BERT attention patterns.

Experience

PropHero — Madrid, Spain
Tech Operations Intern, AI & Automation — *Nov 2026 – Present*

- Bridge between Operations and Tech at a proptech scale-up, working on Vistral, its internal AI-powered operations platform (Next.js, Supabase).
- Build AI automations and internal tools with Claude Code and Cursor to remove manual work from the property supply process.

Grupo Lalala — Madrid, Spain
Operations & Sales Lead — *Nov 2024 – Present*

- Lead sales and operations at a promoter running around 400 events a year (avg. 2,000 attendees), including sports events (F1, Mutua Madrid Open, Pádel XP).
- Negotiate with sponsors and brand partners; standardised processes across event formats to protect margins.

Induforum 2027, ETSII-UPM Careers Fair — Madrid, Spain
Business Development Intern — *Oct 2026 – Present*

- Recruit and manage exhibiting companies for the school's annual careers fair.

Classy Night Society — Madrid, Spain
Operations Lead — *Jan 2024 – Nov 2024*

- Built an Excel/VBA system that automated artist, venue and staff payouts, cutting payment cycles by 80%.

Leadership & Activities

DANA Flood Relief Task Force | *Founder; mobilised 200 volunteers after the 2024 floods* — Oct – Nov 2024

ETSII Mentor Program | *Selected two years running as peer mentor for first-year students* — Sep 2024 – Present

Skills & Interests

Programming: Python, SQL, C, MATLAB, VBA, LaTeX
Libraries: pandas, NumPy, scikit-learn, TensorFlow/Keras, OpenCV, NLTK, Transformers, Playwright, pytest
Tools: Git/GitHub, REST APIs, CI, Next.js, Supabase, Claude Code, Cursor, LLM APIs, Excel (advanced)
Languages: Spanish (native), English (B2 Cambridge; C1 exam Dec 2026), French (B2, DELF), Portuguese (fluent)
Interests: Golf (handicap 18.5), sailing, drums, DJing
